

GOT BIKE?????

The greatest compliment that our current patients can give us is the gift of referring a family member or friend to our office!

We now have a bike hanging in our office!! Every 3 months we will be giving a bike away as a reward for your referrals! Your name will be entered into a drawing **every time** we see one of your family members, friends or co-workers for an orthodontic consultation or as a new patient in our pediatric office. Once they schedule an appointment, (January 1st – March 31st) and tell us you referred them, your name goes into the drawing! Remember, you get your name entered **each time** a patient gives us your name and schedules an appointment! We want to give it away before it falls on one of us!!
